

YOU'RE INVITED TO A TELEHEALTH WEBINAR:

International Leaders

THURSDAY
29 APRIL, 7-8PM

MODERATOR:
Ruth Large

*Emergency Physician &
Rural Hospitalist, Chair
of NZ Telehealth
Leadership Group*

This month's webinar extends beyond the New Zealand border to learn about telehealth on an international scale. With panellists from Scotland and Australia, this will be an interesting discussion exploring three key themes and how they have fundamentally changed the future of the healthcare industry:

- International lessons learned
- How to upscale telehealth services at pace
- Mitigating risks

Whether you are experienced with using telehealth or using it for the first time, join us for this webinar to strengthen your roots and prevail in telehealth.

PANELLISTS:

Scotland panellists

Margaret Whoriskey Head of Technology Enabled Care (TEC) and Digital Healthcare Innovation Division, Scottish Government

Nessa Barry Knowledge Exchange Manager, NHS National Services Scotland

Morag Hearty National Strategic Lead, Remote Health Pathways, Technology Enabled Care (TEC), Scottish Government

Australia panellists

Nicole Bate Telehealth Service Lead, Monash Health & Monash Children's Hospital

Kate Hawkings A/Manager Clinical Telehealth Development, Innovation & Development, WA Country Health Service, Government of Western Australia
