YOU'RE INVITED TO A TELEHEALTH WEBINAR:

Telehealth Providers

THURSDAY
24 JUNE,
7PM-8PM

MODERATOR:
Dr Sam Murton

This month's webinar will showcase New Zealand telehealth public providers and features a great line-up of panellists from Emergency Consult, Well Revolution, Southern Cross and Procure.

Prior to the advent of the COVID-19 lockdown, there were few telehealth direct to patient services in New Zealand. These services have now grown, and this webinar is intended to showcase those services and discuss with the clinical leads the development of these services.

Our goal is to answer questions such as:

1. How/why is the service being offered different from in-person and other telehealth services?
2. What is the target group for the telehealth product?
3. What are the biggest risks for direct to patient telehealth services?
4. What are the most unexpected lessons learned from delivering care in this manner?
