

NZ TELEHEALTH
FORUM & RESOURCE CENTRE

YOU'RE INVITED TO A TELEHEALTH WEBINAR:

WACHS Command Centre: a 10-year journey

THURSDAY 27 OCTOBER, 7PM - 8PM

MODERATOR:
Dr Ruth Large

*Chief Clinical Officer -
Whakarongorau
Aotearoa; and Chair of
NZ Telehealth
Leadership Group*

Where we live shouldn't be a barrier to accessing high quality care which is why the WA Country Health Service (WACHS) created the Command Centre - the latest innovation in country health care, bringing together new and existing services in a 24/7 virtual clinical hub. In August 2022 WACHS celebrated 10 years since the first patient in country WA accessed the Emergency Telehealth Service (ETS). The ETS has been embraced for its ability to bring a wide range of healthcare specialties to even the most remote areas.

In this webinar we will learn about the six functions of the Command Centre, its origins and implementation, the benefits for patients and the community, and learnings from Medical Director -Dr Justin Yeung and the team from the WACHS Command Centre.

We recommended viewing the following presentation prior to the webinar:

WACHS Command Centre: a 10-year journey:
