

NZ TELEHEALTH
FORUM & RESOURCE CENTRE

YOU'RE INVITED TO A TELEHEALTH WEBINAR:

Telehealth Stocktake - what now?

WEDNESDAY 28 FEBRUARY, 7PM - 8.15PM

MODERATOR:
Dr Ruth Large

*Chief Clinical Officer –
Whakarongorau
Aotearoa; and Chair
of NZ Telehealth
Leadership Group*

The NZ telehealth Forum and Massey University have recently completed a stocktake of public hospital telehealth in New Zealand, and it appears there is much work to do to resuscitate services. Join us for our upcoming webinar where we will take a comprehensive look at the state of telehealth in hospitals across the country, and touch on the findings of the stocktake (released prior to this webinar) with an expert panel, including the author, to sense-check the findings and explore options for the future. This webinar promises to deliver insightful conversations as we collectively chart the course for the future of telehealth.

Register today and contribute to the discussion through the Q&A. We welcome anyone interested in access to health care, telehealth and virtual healthcare to come along and take part.

PANELLISTS

Prof. Inga Hunter

Associate Professor, Massey University

Matthew Pettersson
